

# APPLICATION & TECHNICAL QUESTIONNAIRE

Version: 2026-07-27

## 1. PERSONAL INFORMATION

**Applicant / Company**

**Contact Person**

**Street**

**Telephone**

**PO BOX**

**Personal E-Mail**

**Postal Code & City**

**Country**

**VAT ID**

**We apply for use of the following Certification Marks**

Main Certification

Add-On / Amendment

**Do you or your Supplier already hold a flustix Certification?**

Yes No

## 2. GENERAL INFORMATION ON CERTIFICATE ISSUANCE

**Certificate & Seal languages**

Either English or German is mandatory!  
Every additional language is optional.

English German French Spanish

Other

**Certificate printing and issuance**

What Version would you like?

Digital Paper

**Issuance of a flustix Attestation**

Regarding the polymer content as detected in the laboratory, for the purpose of substantiating claim:

Yes No

# APPLICATION & TECHNICAL QUESTIONNAIRE

## 3. PRODUCT INFORMATION

**Requested Certification**

Please select one certification category.

Please complete one questionnaire for each certification category applied for.

**Product Trade Name**

**Brand Name**

This Name will be published on Database & Certificate

**Variants (e.g. fragrance, flavor, etc.)**

We hereby confirm that the above-specified product variants are **identical in composition**, with the exception of the above-specified factors (e.g. type of fragrance, flavour, colour, etc.).

Yes No

**EAN or GTIN or UPC**

**Item Number (Item No.)**

**Product Category**

|           |                       |                              |                                              |         |                                                                                                                                                                                                                                                                                                |              |
|-----------|-----------------------|------------------------------|----------------------------------------------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| Packaging | Product               | Raw Material / Polymer       | Component                                    | Coating | Adhesive                                                                                                                                                                                                                                                                                       | Printing Ink |
| Cosmetic  | Personal Care Product | Detergent / Cleaning Product | Firefighting Foam / Firefighting Concentrate | Textile | (Multiple selections are possible. Please select at least one primary product category. Where more than one product category is selected, the conformity assessment shall be carried out in accordance with the most stringent requirements applicable to the selected product category(ies).) |              |
| Others    |                       |                              |                                              |         |                                                                                                                                                                                                                                                                                                |              |

# APPLICATION & TECHNICAL QUESTIONNAIRE

## 3. PRODUCT INFORMATION

Product Type

|                                 |                          |                          |                          |                          |                          |                          |                          |
|---------------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| <input type="checkbox"/>        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Liquid                          | Gel                      | Solid                    | Powder                   | Paste                    | Foam                     | Film                     |                          |
| <input type="checkbox"/> Others |                          |                          |                          |                          |                          |                          |                          |

Main Material / Matrix

Food Contact Material (FCM)

Yes No

Main Polymer (if applicable)

Intended Application

|                          |                          |                          |                          |                          |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Consumer Product         | Industrial Application   | Food Contact             | Professional Use         | Others                   |

## 4. PRODUCT COMPOSITION AND SUPPORTING DOCUMENTATION

Please provide the following documentation, where available

|                                                                                                                                 |                                                                                                     |                                                                      |
|---------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|----------------------------------------------------------------------|
| <input type="checkbox"/> Formulation / Ingredient List or Material Composition, including known mass fractions, where available | <input type="checkbox"/> INCI List (mandatory for cosmetics, personal care products and detergents) | <input type="checkbox"/> CAS Numbers (where available)               |
| <input type="checkbox"/> Safety Data Sheet (SDS), where available                                                               | <input type="checkbox"/> Technical Data Sheet (TDS), where available                                | <input type="checkbox"/> Product Specification, where available      |
| <input type="checkbox"/> Supplier Declaration, where available                                                                  | <input type="checkbox"/> Coating Information, where available                                       | <input type="checkbox"/> Previous PFAS Test Reports, where available |
| <input type="checkbox"/> Manufacturing Process Description                                                                      | <input type="checkbox"/> Other Supporting Documentation                                             |                                                                      |

Does the sample contain any known volatile components?

Yes No Unknown

To the applicant's knowledge, is the product homogeneous in composition?

Yes No Unknown

# APPLICATION & TECHNICAL QUESTIONNAIRE

## 4. PRODUCT COMPOSITION AND SUPPORTING DOCUMENTATION

### Special storage conditions for the sample

☐ No special storage conditions

☐ Keep refrigerated

☐ Keep frozen

☐ Protect from light

☐ Others

☐ Unknown

### Solubility of the sample

☐ Water-soluble

☐ Partially water-soluble

☐ Not water-soluble

☐ Others

☐ Unknown

## 5. PFAS-RELATED INFORMATION

### Are PFAS intentionally added to the product?

☐ Yes

☐ No

☐ Unknown

### Are fluorinated substances or fluorinated materials known to be present in the product?

☐ Yes

☐ No

☐ Unknown

### Expected fluorine content

☐ < 10 mg/kg

☐ 10–100 mg/kg

☐ 100–1,000 mg/kg

☐ > 1,000 mg/kg

☐ Unknown

### Is the product intentionally designed to provide one or more of the following properties?

☐ Water Repellency

☐ Oil Repellency

☐ Grease Resistance

☐ Dirt Repellency

☐ Heat Resistance through fluorinated chemistry

☐ Non-stick

☐ Stain Resistance

☐ None of them

# APPLICATION & TECHNICAL QUESTIONNAIRE

## 5. PFAS-RELATED INFORMATION

Is the product coated?

Yes No

Are fluoropolymer-based processing aids, release agents or other PFAS-containing process chemicals known to have been used during manufacturing?

Yes No Unknown

Previous PFAS Test Reports available?

Yes No

Additional information relevant to the PFAS assessment

**Please note: The information listed below is mandatory and must be provided in full.**

Incomplete, incorrect or missing documentation will delay or invalidate your application.

### Applicant Declaration

We hereby confirm that the information provided in this application is complete and accurate to the best of our knowledge.

We further confirm that the submitted sample is fully representative of the product intended for certification and is identical in formulation, material composition, manufacturing process and all PFAS-relevant characteristics to the products that will subsequently be placed on the market within the requested certification scope.

Any changes affecting the formulation, material composition, manufacturing process or PFAS-relevant characteristics shall be communicated to the Certification Body without undue delay and may require a reassessment or renewed analytical testing.

### Legal Notice

We hereby confirm the accuracy of all details furnished in the questionnaire and accompanying documents, ensuring their complete alignment with the submitted samples and the products undergoing testing and certification. Additionally, we affirm that the products submitted for certification are representative and identical to those that will be marketed post-certification.
