

## Fee schedule for the certification of recyclability

valid from 01.05.2022

### 1 General information

The following fees apply to standard DIN CERTCO services. The services are charged in the form of fee units (**GE**). The currently valid price per fee unit can be found in the applicable [DIN CERTCO standard fee unit](#).

The fees are due immediately upon invoicing and are generally calculated from the following items:

- Initial certification = 2.1 + (2.2) + 2.3 + 2.4
- Monitoring = (3.1) + 3.2 + 5.2
- Extension = 4.1 + (4.2) + 4.3 + 4.4
- Annually (from initial certification) additional = 6

The items in brackets are only invoiced if they have been commissioned or carried out by DIN CERTCO. The following definitions apply.

1. Type: All packaging that differs from each other in its essential certification-relevant characteristics, such as material structure or material, and is therefore usually sold under a separate trade name. A separate certificate is issued for each type.
2. Packaging groups: Packaging groups include all packaging with the same material structure. They differ only in the contents and/or filling quantity. They may not differ in process-specific criteria such as color.
