an end product

an intermediate

Which trustmark do you want to apply for?
Issuance of the trustmarks possible in 27 official languages

Total Product

This seal is the gold standard among the flustix seals. Because flustix Less Plastics Total Product distinguishes both the product and the packaging.

Product

This flustix certification is available for products which, however, have to be packed in plastic (e.g. for hygienic reasons). This seal is particularly suitable for goods intended for food contact or medical products, among others.

Packaging

There are many products that would not work at all without plastic, including electrical appliances and accessories, medical equipment, and security technology. Nevertheless, we can save plastic in many products - namely in the packaging.

Classification of the Product / intermediate

Bags

Film

Food tableware / Take-a-Ware

Textiles

Packaging for:

We received the following documents and we acknowledge these without reservation in their current version:

- the respective certification scheme with the applicable documents
- the respective schedule of fees
- the respective styleguide
- Standard Fee Unit of our Certification Partner
- the general terms and conditions of our Certification Partner
- Testing-, Registration- and Certification Regulations of our Certification Partner

All personal data is saved and processed in automated procedures according to Art. 6 GDPR (General Data Protection Regulation). The right to use for the purpose of advertising or market and opinion research can be revoked at any time.

This contract is concluded for the validity of the certificate. It is extended automatically for another certification period without the necessity of an application for renewal/re-certification, if the certification requirements remain fulfilled.

The applicant declares with his signature that he will take the procedures to implement the requirements of European Regulation (EU) 2020/2151 and Directive (EU) 2019/904 by himself. The „flustix plastic-free“ certification program has no connection to those regulations and does not help to meet the requirements of Regulation (EU) 2020/2151 and Directive (EU) 2019/904.

Pursuant to our General Terms and Conditions, our Certification Partner reserves the right to request a reasonable payment in advance for the requested service.

The applicant may informally cancel the certification process at any time. In this case, the applicant will be charged with additional expense fees in the amount of 500 euros. The expense fees will be forwarded to flustix GmbH.
