Manufacturer:

Street, Postal Code:

We apply for certification of:

an end product

an intermediate

Which trustmark do you want to apply for?

Issuance of the trustmarks possible in 27 official languages

Total Product

This seal looks at the product and the packaging. Both components are tested independently of each other and must meet the requirements in their respective segments in order to be successfully licensed.

Product

This flustix certification is available for plastic-sustainable products (without packaging). Depending on the specific product category, products that can be free of plastic to specific a limit value of at least 97% and up to 99,79% may bear the blue flustix seal.

Packaging

A great deal of plastic can usually be saved in the packaging of consumer goods: Packaging that is at least 95% plastic-free can be labeled with the green seal after successful licensing.

Yes

No

Legal Disclaimer | Legal Notice Regarding the Application Form and Process

We hereby confirm the accuracy of all details furnished in the questionnaire and accompanying documents, ensuring their complete alignment with the submitted samples and the products undergoing testing and certification. Additionally, we affirm that the products submitted for certification are representative and identical to those that will be marketed post-certification. This application form (Step 1) serves solely for the purpose of creating an individual offer, tailored to your request. A binding order will only be established when you accept and sign the individual offer created in Step 2, based on details of this application. Only with your signature accepting the official offer (Step 2) does the application become effective and the process of commissioning completed as well as the selected certification initiated according to the offer.
